

LaCinema PlayHD

DESIGN BY NEIL POULTON

Full HD
HDMI
USB 2.0

Ready to Play HD.

All You Need for Home Entertainment

With up to 2TB of storage space, the LaCinema PlayHD can hold all of your movies, photos, and music. The media library feature lets you find your favorite songs (whether you're searching by album or artist) and you can even preview the beginning of a movie. It has full HD 1080p playback, and with the upscaling, you can enjoy higher-quality photos and movies.

Play All of Your Media

The LaCinema PlayHD's enhanced compatibility means that worrying about file formats is a thing of the past. It handles all major video formats with ease (MKV, AVI, H.264, etc.) which lets you sit back and relax. DTS and Dolby compatibility are also included, which means you'll always experience stunning sound quality from your TV or home theater. Best of all, firmware updates are available from the LaCie website, so you can keep your LaCinema PlayHD up-to-date.

Ready When You Are

Everything is in the box! With the included HDMI cable, a simple remote control and an intuitive user interface, you can start using it immediately. The installation wizard is easy to use, and you can start enjoying High Definition in seconds. The LaCinema PlayHD is designed as an eco-friendly and energy-efficient player, making it one of the smartest choices on the market.

Easily Play Your Files

Connect the LaCinema PlayHD to your computer if you need to quickly copy your multimedia files to the drive. Then, enjoy them on your HDTV whenever you want. Or, instantly play movies or pictures from your hard disk, camera, or mobile phone with USB port. It's simple to manage everything from the user interface—just connect, transfer, and you're ready to play.

1TB* =

- 125 HD movies or
- 1,420 MPEG-4 videos or
- 270,000 music files or
- 330,000 photos**

- Full HD 1080p media player
- Plays MKV, H.264, XviD with DTS and Dolby Digital audio
- Connect a USB hard disk, digital camera, or video camera
